Message from Brendon and Emma

Time flies! It has been 10 years since we renovated the shop and Mitchell, O'Brien & O'Meara became Campbell & Freebairn Chemists.

With the cold Winter weather here we have seen an increase of people suffering with colds and flu. Some helpful tips to remember if you are feeling unwell are to drink plenty of fluids, keep warm, stay home, wash your hands often, cover your mouth and nose with a tissue when coughing or sneezing.

Talk to our staff about the many immune boosting supplements available. There are products for both adults and children.

Clare has done her final Pharmacy Exams and will soon be a fully registered Pharmacist.

Healthy Regards,
Brendon & Emma

Posture Medic Support Brace

While working throughout the day you often end up slouching or hunching over without realizing it. This compresses your spine and tightens your chest and neck. Your upper back ends up weaker because it's not engaged properly. This can lead to poor posture and sometimes to pain. Posture Medic helps stabilise your posture by holding your shoulders further back and reminding you to "straighten up". Wear the Posture Medic to help you develop the habit of straightening your back and shoulders.

EYE SPY - FIND YOUR PERFECT COLOUR MATCH

BLUE EYES - Blue, brown, bronze and warm metallics

GREEN EYES - Purple, plums and green

BROWN EYES - Purple, plums, bronze and gold

HAZEL EYES - Purple, brown, bronze, pink, burgundy and green

PRO TIPS

- Make shadows go the distance and prevent creasing by prepping the eye with a base prior to applying your choice of Color Disc.
- Try any of the rose, pink or peach Color Disc Shadow Collection as a face-flattering Blush. Apply your chosen shade to the apple of the cheeks, using Reflective Contour Brush 20b.
- For a subtle, easy to apply liner, press a deeper shade of Color Disc into the upper or lower lash line with Angle Brush g5 or Angled Chisel Brush 91. Be sure to dab your brush, don't blend for a controlled application.
