Usually this time of year the Inverell Scrapheap Adventure Riders would be heading off on the Scrapheap ride for Down Syndrome NSW. Due to Covid19 restrictions the ride to Gulargambone has been postponed until 19-21 March 2021 which coincides with World Down Syndrome Day.

This month our Spring Specials catalogue runs from 1st-21st October. Purchase any item from the catalogue and enter to WIN a Series 5 Apple Watch valued at \$849.00.

Healthy regards,
Brendon, Emma & Justine

Asthma

Asthma is a chronic lung disease that inflames and narrows the airways. Common asthma triggers include pollen, pets, mould and dust mites, colds and flu, smoke, inhaling cold, dry air, gastroesophageal reflux disease (GERD) or stress.

Signs and symptoms of asthma include: breathlessness, wheezing, tight feeling in the chest and/or continuing cough. As with all medical conditions, consult your Doctor for an accurate diagnosis and treatment. There is no cure for asthma but it can be managed. An asthma action plan written with your Doctor is one of the most effective interventions available. The aim is to help you identify the symptoms and triggers for your asthma and take early action to prevent or reduce the severity of an asthma attack.

Talk to one of our friendly pharmacists who can show you the correct way to use your puffer, spacer, peak flow meter or nebulizer.

Purchase any Thermoskin product worth \$39.95 and receive a FREE premium overnight bag valued at \$69.95
