The start of a new year is a good time to check expiry dates on medicines and sunscreen in your home. We can safely dispose of any unwanted medicines.

Now that children have returned to school it is a great time to check for headlice. We have a NEW headlice prevention shampoo in store. Ask our friendly staff.

Healthy regards,
Brendon, Emma & Justine

Ostelin Bone Strength and Iron

Bones constantly renew themselves to stay strong and healthy. This process is called bone remodelling, where old bone is removed and replaced with new bone. This is important because it allows the bone to become stronger.

More bone is built than it is broken down until we are in our 30s, when we reach our peak bone mass. Making plans in your 30's will help give you the strength you need for strong bones later in life.

Ostelin Bone Strength + Iron provides Vitamin D, a key nutrient to maintain bone strength plus Iron to support energy production and maintain iron levels in the body.

It contains a bioavailable form of Iron plus Vitamin C to support the absorption of iron in the body and also contains B vitamins.

Dose: Take 2 tablets daily with meals

60 Tablets \$19.95
