Camera Finish Powder Foundation

Containing a clever anti-ageing complex to assist in putting premature ageing on the go-slow, while Vitamin C and E provide additional antioxidant protection. Its in-built mirror is perfect for on-the-go application - meaning you'll never want to leave home without it.

How To Use : Apply with the sponge applicator or Powder Brush s25, taking care to blend into the hairline, around the nose and under the jaw line. The generous mirror allows for quick touch-ups to maintain that flawless finish all day (and night) long.

Pro Tip: Use Camera Finish Powder Foundation to perfectly sculpt or highlight the face. To sculpt, choose a colour 2-4 shades deeper than your skin tone. To highlight, go 2-4 shades lighter.

April 2021

2021 Influenza vaccinations have arrived... We will be running vaccination clinics during the weeks of April and some Saturday mornings. Please phone to make your booking.

Please note there should be an interval of at least 2 weeks between receiving a COVID vaccination and influenza vaccination. Please talk to our pharmacists if you are unsure.

This month our catalogue runs from 8th-28th April. Purchase any item from the catalogue and enter online to WIN a Trip for 2 to Tasmania valued at \$9140.00

Healthy regards,
