**Napoleon Perdis
Pro Palette Concealer**

The power of three! Featuring three shades in the one palette, this multi-purpose product allows you to blend one, two or three colours to create your perfect customised shade. The formula contains Caffeine, which is known to help stimulate micro-circulation, while antioxidants Vitamin C and E and Squalane work to soften and smooth the skin. Cover blemishes and conceal dark circles, puffiness and skin imperfections like a pro.

How to Use:

To combat dark circles, layer Deep Sand over any blue/purple tones to neutralise, then pat a mixture of the Light Amber and/or Medium to highlight and blend into the skin's natural tone.
