### Napoleon Perdis The Ultimate Contour Palette

Achieve enviable cheekbones and angelic highlights with the ultimate 3-in-1 palette. Including a contouring bronzer, warming blush and shimmering highlighter, create all the right angles and a gorgeous glow in just three easy-to-achieve steps. Paraben free.

How to use: Using the contour tone, shade underneath the cheekbones and the temples. Smile and apply the blush shade in soft strokes onto the apple of the cheeks. Finish with the highlighter applied to the top of the cheekbones for added definition.

Designed with the help of leading Australian podiatrists and physiotherapists, our thongs with arch support have been the number one choice for thousands of Australian feet since 2008

Our flip flops are recommended by Australian medical professionals, giving your feet the best support available. Thicker straps and a slight ridge around the edge of the thongs mean they better hold your feet in place – giving the support your feet deserve! As well as providing ultimate comfort, our Australian flip flops come in unique colours and have been featured by leading designers at Australian Fashion Week.  
\$44.95

**From now until December 31st we will donate \$5 from every pair sold to the local Inverell Breast Cancer Support Group.**

Buy any Dermaveen, Reef or Invisible Zinc product and enter online to WIN an Island Getaway of your choice or 25 x 200 Sunnlylife vouchers. See instore for Terms & Conditions. Purchase between 4/9/24 and 31/1/25

## Skin Cancer

The sooner a skin cancer is identified and treated, the better your chance of avoiding surgery or, in the case of a serious melanoma or other skin cancer, potential disfigurement or even death.

It is also a good idea to talk to your doctor about your level of risk and for advice on early detection.

It's important to get to know your skin and what is normal for you, so that you notice any changes. Skin cancers rarely hurt and are much more frequently seen than felt.

Develop a regular habit of checking your skin for new spots and changes to existing freckles or moles.

The sun's ultraviolet (UV) radiation is the major cause of skin cancer. UV damage also causes sunburn, tanning, premature ageing and eye damage. The good news is you can prevent damage – and skin cancer – by being SunSmart.

See in store for our range of Sunscreen and Sunglasses.

**We currently have a range of children's sunglasses on sale.**
